

# The HealthAlliance Cardiology Department

The HealthAlliance Cardiology Department provides a full range of inpatient and outpatient cardiac services, from diagnostic testing and treatments to cardiac rehabilitation.

(Back—L to R) Sally Gibbs, RN; Patrick O'Brien, Echo Technician; David Mastro, RT, CI; Jonathan Villano, Echo Technician; Fabio Campana RT(R)

(Front—L to R) Cathy Chain, Department Secretary; Ginny Scully, EDG tech; Luci Smith, RN; Kathryn Ostrander, RN

The Emergency Department located at The Kingston Hospital is the only Accredited Chest Pain Center in the Hudson Valley and the staff is trained to provide the best in patient care. The cardiac catheterization lab currently provides diagnostic catheterization and, in the future, The Kingston Hospital will offer cardiac interventional procedures to the community. For additional information, please contact the Cardiology Department at **(845) 334-3020**. ■
