The Kingston Hospital Foundation is pleased to present the **3RD ANNUAL FALL EXTRAVAGANZA** featuring the designs of Robert Tonner. Mr. Tonner released his fall line of designer fashions recently at a New York City showing. His timeless designs have been well received and if you didn't make it down to the city, he is now showing them at our event to be held at **The Lazy Swan Golf and Country Club Village on Friday, October 22nd**. Stated recently by Mr. Tonner, "I'm thrilled to present my Fall 2010 line at this year's Fall Extravaganza. I've used rich colors and textures for my fall collection that I hope will delight even the most jaded senses."

"This is an exciting opportunity to showcase the extraordinary designs by Robert Tonner in an elegant, state of the art venue. Kingston Hospital Foundation supporters will delight in this fabulous event," commented Jodi Longto, Fall Extravaganza co-chair. The evening will begin at 6:00 p.m. with complimentary cocktails provided throughout the evening by **Grey Goose Vodka** and **Barefoot Wine Cellars**. Dinner will follow and the festivities will include an exciting silent auction as well as the fashion show. The Decorum Agency in New York City will be providing the models once again. Musical entertainment will be provided by Mr. Jim Davis, harpist. Mark your calendars for this sure to be exciting event. Proceeds from this year's event are being earmarked for the Intensive Care Unit at The Kingston Hospital. **For more info, call the Foundation office at (845) 334-2760.**

HealthAlliance of the Hudson Valley® is comprised of three hospitals (The Kingston Hospital, Benedictine Hospital, and Margaretville Hospital); a nursing home (Mountainside Residential Care Center) and a continuing care retirement community (Woodland Pond Retirement Community). The HealthAlliance team is here to partner

with you for your healthcare needs. Our hospitals are committed to service excellence and to continue to strengthen our ability to provide the best in comprehensive health care services. With our dedicated team of highly qualified physicians and hospital staff, state-of-the-art facilities, and full range of comprehensive services, HealthAlliance is here to serve health care needs of the residents in the tri-county area (Ulster, Delaware, and Dutchess).

Our healthcare services are provided under the guidance of over 250 highly trained and qualified physicians. Our hospitals are licensed for a total of 315 inpatient beds and a full range of outpatient services and are highly accredited by several healthcare professional, federal, regional and state health organizations. This accreditation assures our community of receiving the best available healthcare. Among these are the New York State Department of Public Health, The Joint Commission, the American College of Radiology, the American College of Surgeons Commission on Cancer, the Office of Mental Health, the Office of Alcohol and Substance Abuse Services, and the College of American Pathologists. We offer one of only nine Certified Chest Pain Centers in New York State (The Kingston Hospital), a Certified Stroke Center, Certified Sleep Center, Certified Pain Treatment Center, Certified Wound Healing Center, and several other centers of excellence.

As the healthcare leader in this community, HealthAlliance has a responsibility to identify and treat the area's most pressing community health needs. We have the team, facilities, and services to meet these needs and be "Your Partners in Health".

HealthAlliance of the Hudson Valley was recently awarded a \$20,000 grant from the Ulster Savings Charitable Foundation. The grant supports capital equipment projects at Benedictine and Kingston Hospitals.

The Ulster Savings Charitable Foundation was created by the Trustees of Ulster Savings Bank in 2003 as a means to provide support to local not-for-profit organizations in the areas of Education, Housing, and Health & Human Services. By continually endowing the Foundation, Ulster Savings Bank will insure that its community giving will go on in perpetuity. In addition to its flagship grant funding program, the Foundation offers scholarships to deserving local college students and a teacher grant program to assist Ulster County school teachers with projects and curriculum-based activities that will enhance the learning experiences for their students.

"We are very thankful to Ulster Savings for their support and generosity, and for partnering with HealthAlliance to improve the quality of healthcare for our community," said David Lundquist, CEO HealthAlliance of the Hudson Valley.

Hospital officials announced the completion of several solar technology and energy efficiency projects at the Kingston, Benedictine and Margaretville campuses of HealthAlliance of the Hudson Valley. The projects were funded through a \$428,000 federal grant Congressman Maurice Hinchey secured on behalf of The Solar Energy Consortium (TSEC), which administered the energy conserving and carbon emission reducing projects in partnership with engineering students at SUNY New Paltz and area businesses. SHOWING THEIR APPRECIATION

A sampling of thank you letters received by President & CEO David Lundquist for The Kingston Hospital's healthcare services.

Ulster County's new Emergency Department and The Kingston Hospital's new main entrance.

Dear Mr. David Lundquist,

My name is Bethany Smith. I was admitted into the hospital on 7/16/10. I wanted to take this time to give my most sincere thanks to your amazing nursing staff on the maternity unit. These are some of the most amazing, compassionate and respectful women I have ever known. I am truly blessed to have had the pleasure of these wonderful nurses taking care of me. I am only 19 weeks pregnant so I am looking forward to having my baby so that I can be reunited with these wonderful people. I especially would like to point out Pam, Michelle, Diane, Dolly, Joan the tech, Miranda, and all the others. I wish I had the means to do something more to recognize this hard working group of nurses. Please let them know that they are doing a great job. Thank you so very much.

Thank you,

Bethany Smith
Kingston, New York

Dear Mr. Lundquist,

I had a terrible accident at my Catskill home on this Memorial Day Holiday. My son-in-law, Orlando Cuba, while cutting a piece of wood with a skill saw put his hand under the board to see if it was going to clear the table he was cutting on. He put his hand right on the cutting blade severing four of his fingers. I am a Trustee and an Executive Board Member of Peninsula Hospital in Queens, NY. My wife is a dental assistant there also. We were both impressed with your staff and facilities. The emergency room staff came to our assistance immediately to stabilize Orlando without hesitation. They made sure everyone was comfortable while he was being attended to. I wish my own hospital had half the compassion yours does. The individual rooms in your emergency room were impeccably clean and offered the privacy that one requires in time of trauma. I thank you and your staff again for a job well done in our time of need.

Dear Mr. Lundquist,

We are writing to compliment you for the excellent attention we received in the Emergency Room on May 8.

About 4:30 Jim was involved in a serious bicycle accident at the corner of Sawkill and Zena Highwoods Roads. The Woodstock Ambulance rushed him to Kingston Hospital where he was scanned and found he had broken his jaw in several places.

The ER physician, Dr. Jud Stern, and Kerry, the nurse on duty, were amazingly efficient, kind and knowledgeable. Jim was transferred to New York Hospital-Cornell where he underwent the first of two surgeries on Tuesday, May 11th. Dr. Stern facilitated admission and the ambulance to New York Hospital with speed and grace.

We hope that you recognize and reward the excellent caregivers in your ER and we ask you to thank the people mentioned above for us again.

Sincerely,

Rita Jacobs & Jim Wetzler

Dear Mr. Lundquist,

This letter is to honor the nurses who cared for Anna Remet during her recent hospitalization on 3 West at The Kingston Hospital. From the first nurse who settled her in after her admission from the emergency room to the nurse who was on duty the day she was discharged a week later (03/18/10–03/25/10), the care provided throughout the course of a painful and complicated illness ranged from excellent to outstanding. In addition to their superlative clinical skills, each one of these nurses took the time to be comforting, reassuring, and genuinely concerned about their patient's well-being. Most importantly, they listened to her and responded quickly to her needs with thoughtfulness and competence. A few of them even came to check on her, after they had been transferred to duty on another floor. They were also compassionate to her mother, who was at her bedside for the long, difficult hours of Anna's painful struggle and eventual recovery—even provided a recliner so Mom could rest.

Thank you for your attention. I do hope you will pass on our deepest gratitude and very best wishes to this gentle group of "angels" who nursed Anna back to health. Hospital nursing care does not get any better than this.

Sincerely,

Anna E. & Judith B. Remet

Dear Friends,

We greatly appreciate the financial support we have received during the past few months through participation and sponsorship of our 10th Annual Golf Classic Tournament and our summer sports raffle. In addition, the

Foundation office receives generous tribute gifts on a weekly basis. These gifts are a wonderful expression of caring and appreciation, and have been an important tradition at The Kingston Hospital Foundation for years. Tribute gifts include gifts made in memory of a loved one or in honor of family, friends or a notable event. Just as special are gifts given by patients and their families in appreciation of care provided by our doctors, nurses and other staff.

We hope you will consider a tribute gift using the enclosed giving envelope or you can make a donation online by logging on to www.FoundationUpdate.org and select "Make A Gift." Your continued support makes a significant difference in offering the best health-care services for people living and working in our community.

In Memory of Clarence W. "Bill" & Kathleen "Kay" Spangenberg

Bill and Kay led a long, healthy, loving and active life, each living to over one hundred years, a testament to a healthy lifestyle. Through Bill's work with the Cornell Steamboat Company, owned by the Coykendall family, he became involved with The Kingston Hospital Foundation. He was active on the Foundation board of directors for many years.

Bill and Kay pledged their support both during their lifetime and from their estate, believing that The Kingston

Hospital was good for the Hudson Valley community in which they lived. A generous estate gift of \$500,000 was given to The Kingston Hospital Foundation.

A Generous Estate Gift

To those who have remembered The Kingston Hospital Foundation in their will. The Foundation has received over \$3 million in estate gifts. We hope you will take the time to include The Kingston Hospital Foundation in your will. The official legal bequest language is:

"I give, devise, and bequeath (dollar amount or percent

of estate) to The Kingston Hospital Foundation, a not-for-profit corporation organized and existing under the laws of the State of New York."

The Foundation is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code (D#59-6152180).

For additional information call Steffen Kraehmer at 334-2760.

Note: Many of our donors choose to restrict their bequest commitment to a particular department or service at The Kingston Hospital. Please let us know if you would like to restrict your gift and we can help craft language that appropriately reflects your wishes.
